

# FLEXIBLE CONDUIT SERIES

- Square lock construction
- Smooth internal for easy pull through
- Exceptional flexibility for tight 'U' bend
- Hot-dipped galvanizing to give better protection
- Available in both G.I. and G.I. with PVC Coated
- PVC Coated material complies with the following standards :
  - IEC 62321 *Hazardous Substances in Electrical Equipment, RoHS*
  - BS 6853:1999 *Toxic fumes generated during combustion*

## Galvanized Iron Flexible Conduit

Model	Diameter
TI58FP	5/8"
TI34FP	3/4"
TI1FP	1"
TI114FP	1-1/4"

## Galvanized Iron Flexible Conduit with PVC Coating

Model	Diameter
TSPFC16	16 mm
TSPFC19	19 mm
TSPFC25	25 mm
TSPFC32	32 mm
TSPFC38	38 mm
TSPFC50	50 mm
